

PERENNIAL

PROPAGATION

Euphorbia 'Ascot Rainbow'

Euphorbia x martinii

TRAY & ROOTING

Form	Unrooted Cuttings (URC)
Rooting Hormone	Yes
Tray Size	72, 105
Plants Per Cell	1
Days In Mist	5-7
Wks. From Stick To Transplant	6-8
Pinch?	Yes
Days from stick to pinch	21-28

FERTILITY

Fertilize Through Mist?	No
Fertilizer Rate	50-75 ppm N (20-6-22 or 22-5-16 [15-0-15 under low-light conditions])
EC Range	2.0-3.5 mS via SME
pH Range	5.8-6.2

TEMPERATURE

Average Soil Temperature	72-78°F (22-26°C)
Average Air Temperature	72-78°F (22-26°C)

IRRIGATION

Irrigation Frequency	Level 2: Allow media to dry moderately between thorough waterings
----------------------	--

LIGHT

Supplemental	Optional
Benefits From Shade?	No

POTENTIAL DISEASES

Botrytis, Downy Mildew, Powdery Mildew

POTENTIAL PESTS

Aphids, Spider Mites, White Fly

PGR SUGGESTIONS

- None

TIPS

- As with all vegetative cuttings, sticking upon arrival is ideal. If this isn't possible, store in a cooler at 45° F (7°C) for no more than 16 hours after delivery.
- Reduce mist as soon as cuttings become turgid (generally 1-2 days after stick). Avoid over misting and over watering.

PERENNIAL

FINISHING

Euphorbia 'Ascot Rainbow'

Euphorbia x martinii

VERNALIZATION

Vernalization Required?	Yes
Vernalization Duration Minimum	6-8 weeks
Vernalization Temperature	35-40°F (1.6-4.4°C)

CONTAINER SIZE	PLANTS PER POT	TRANSPLANT TO FINISH (WEEKS)
----------------	----------------	------------------------------

6 in./Gal. (15-16 cm)	1	8-10
------------------------------	----------	-------------

8-10 in./2-3 Gal. (20-25 cm)	3	10-12
-------------------------------------	----------	--------------

FERTILITY

Fertilizer Rate	50-100 ppm N (20-6-22 or 22-5-16 [15-0-15 under low-light conditions])
-----------------	---

EC Range	2.0-3.5 mS via SME
----------	---------------------------

pH Range	5.8-6.2
----------	----------------

TEMPERATURE

Day Temperature	65-75°F (18-24°C)
-----------------	--------------------------

Night Temperature	55-65°F (13-18°C)
-------------------	--------------------------

IRRIGATION

Irrigation Frequency	Level 2: Allow media to dry moderately between thorough waterings
----------------------	--

LIGHT

Photoperiodic requirements	Long Day Facultative: 12+ Hours Daily
----------------------------	--

Supplemental?	None
---------------	-------------

Benefits From Shade?	No
----------------------	-----------

PINCHING

Finishing Pinch?	No
------------------	-----------

Transplant to pinch (days)	N/A
----------------------------	------------

POTENTIAL DISEASES

Botrytis, Downy Mildew, Powdery Mildew

POTENTIAL PESTS

Aphids, Spider Mites, White Fly

PGR SUGGESTIONS

- 2500 ppm B-Nine (85% Daminozide) as needed
- 3-5 ppm Sumagic (0.055% Uniconazole) as needed

TIPS

- A pronounced wet-dry cycle is preferred.
- Euphorbia grows best with high light and high temperatures combined with relatively dry soil conditions.

PERENNIAL

FEATURES AND BENEFITS

Euphorbia 'Ascot Rainbow'

Euphorbia x martinii

KEY INFORMATION

First Year Flowering?	No
Bloom Time	Spring
Exposure	Full Sun
Hardiness Zone	6-9
Height	14-20 inches (36-51 cm)
Width	24-36 inches (60cm-90 cm)

DESCRIPTION

A fantastic desert plant, Euphorbia requires very little care. New breeding offers outstanding foliage texture and flower

CONSUMER APPEAL

- Due to its latex-heavy sap, Euphorbia are naturally resistant to most herbivores including rabbits, deer, and many insects.

GARDEN ATTRIBUTES

- The ultra-showy "flowers" of this plant are actually bracts which are modified leaves that serve the same function as flower petals but are much longer-lived and far more durable.
- Good in borders and rock gardens or sunny locations where other plants have a difficult time growing.
- Tolerant of air pollution and most soil types though it prefers well-drained soils.
- Euphorbia is an extremely tough plant perfect for beginner gardeners. It will re-seed freely but a generous layer of mulch will make management much easier.

NATIVITY

Found in Europe, Northern Africa, and southwestern Asia.

COMPANION PLANTS

Nepeta, *Penstemon*, *Sedum*, *Eupatorium* (*Ageratina*), *Salvia*, *Solidago*

COMMON NAME(S)

spurge, wood spurge
