

Dahlia | Summer Bees

Enrich your summer assortment with the captivating Dahlia Summer Bees concept. These Dahlias are guaranteed to attract attention with their bright, powerful colours, such as Salmon, Red, and Purple Bicolour, and their cheerful single-flower blooms. Considered easy and reliable to produce commercially. Production from a rooted plug to a flowering plant takes about 7–9 weeks.

DÜMMEN ORANGE.

OUR ASSORTMENT OF SUMMER BEES

ADVANTAGES FOR TRADE

- **Reliable and High-Value Crop:** A well-branched, and uniform series that ensures a reliable crop with high sales potential and high ornamental value.
- **Optimal for Retail:** Tailored for 14–19cm pots making them a strong impulse buy at retail.
- **Pollinator Focus:** Position your store as environmentally conscious by featuring this excellent source of food for bees and bumblebees from summer to autumn.

ADVANTAGES FOR CONSUMERS

- **A Buzzing Garden Delight:** Provides a rich source of food for bees and bumblebees, turning any garden or balcony into a lively pollinator paradise.
- **Vibrant, Long-Lasting Colour:** Enjoy single, cheerful flowers, often in bright orange and yellow tones, that bloom abundantly from summer well into autumn.
- **Versatile use:** Ideal for containers on patios, terraces, and balconies.
