PROPAGATION

Trio Confetti Trio Confetti Penstemon

Confetti Garden Multi-variety

TRAY & ROOTING

Form	Unrooted Cuttings (URC)
Rooting Hormone	Optional
Tray Size(s)	50
Plants Per Cell	3
Wks. From Stick To Transplant	6-8
Pinch?	Optional
Days from stick to pinch	17-21

CULTIVAR LIST

Small Talk

FERTILITY

Fertilize Through Mist?	50-75 ppm N
Fertilizer Rate	100-150 ppm N (20-6-22 or 22-5-16 [15-0-15 under low-light conditions])
EC Range	Moderate: (2.0-3.5 mS via SME)
pH Range	6.0-6.5

TEMPERATURE

Average Soil Temperature	22-26°C
Average Air Temperature	22-26°C

IRRIGATION

Irrigation Frequency	Level 3: Keep media moderately moist with mild dry cycles
----------------------	--

LIGHT

Supplemental	Yes
Benefits From Shade?	No

POTENTIAL DISEASES

root rot, bacterial leaf spot, powdery mildew

POTENTIAL PESTS

whitefly, aphids, mites

PGR SUGGESTIONS

- Optional 300-500 ppm Florel (3.9% Ethephon)

TIPS

- Consistent sticking of cuttings is key, ensure they are not buried too deep in the tray

FINISHING

Trio Confetti Trio Confetti Penstemon

Confetti Garden Multi-variety

VERNALIZATION

Vernalization Required? **No**

Vernalization Duration Minimum **N/A**

Vernalization Temperature **N/A**

CONTAINER SIZE	PLANTS PER POT	TRANSPLANT TO FINISH (WEEKS)
----------------	----------------	------------------------------

16 cm	1	10-12
--------------	----------	--------------

22 cm	2-3	10-12
--------------	------------	--------------

FERTILITY

Fertilizer Rate 200-250 ppm N (20-6-22 or 22-5-16 [15-0-15 under low-light conditions])

EC Range **High: (3.5-5 mS via SME)**

pH Range **5.5-6.2**

TEMPERATURE

Day Temperature **24-27°C**

Night Temperature **18-24°C**

IRRIGATION

Irrigation Frequency **Level 3: Keep media moderately moist with mild dry cycles**

LIGHT

Photoperiodic requirements **Long day: 12+ hours daily**

Supplemental? **Daylength Extension**

Benefits From Shade? **No**

PINCHING

Finishing Pinch? **No**

Transplant to pinch (days) **N/A**

POTENTIAL DISEASES

root rot, bacterial leaf spot, powdery mildew

POTENTIAL PESTS

whitefly, aphids, mites

PGR SUGGESTIONS

- None

TIPS

- Drip irrigation and proper spacing helps to prevent stretching and promote a compact growth habit.

PERENNIAL

FEATURES AND BENEFITS

Trio Confetti Trio Confetti Penstemon

Confetti Garden Multi-variety

KEY INFORMATION

First Year Flowering?	Yes
Bloom Time	Early Summer
Exposure	Full Sun
Hardiness Zone	4-9
Height	14-16 inches (36-41 cm)
Width	12-24 inches (30-60 cm)

DESCRIPTION

New Confetti Garden concept from Dümmen Orange perennials -- varieties that time together and coordinate perfectly. Happiness blooms with Confetti Garden, the original mixed-flower garden and home decorating solution.

CONSUMER APPEAL

- Garden ready containers, these Confettis may also be planted in the landscape when done blooming for great focal-point garden pieces year after year. A one-stop-shop for great color and bold splashes of character.
- Phlox is a known butterfly and hummingbird magnet. Additionally, it has shown good resistance to deer and the allelopathic biochemicals excreted by black walnut trees.

GARDEN ATTRIBUTES

- The true flower-power of Phlox comes from an abundance of small blooms. With that being said, the fragrant flower clusters can still be used in bouquets or arrangements especially if the entire stalk is removed. 'Flame Coral' and 'Flame Red' are particularly showy cultivars featuring dazzling shades of red.
- Under proper conditions, 'Flame' Phlox can be the backbone of most perennial borders. It can also be grown as a cottage plant, as a container piece, in a pollinator garden, or in a naturalized area.
- Soil conditions should be kept moderately moist and relatively rich in organic matter.
- All Phlox paniculata are susceptible to powdery mildew, site in a well ventilated area to limit disease pressure. The genus name of Phlox is actually the Greek word for flame making our 'Flame' series double the fire!

NATIVITY

Components native to the eastern half of North America.

COMPANION PLANTS

Veronica, Leucanthemum, Geranium, Lamium, Lamiastrum, Viola, Paeonia, Campanula, Dianthus

COMMON NAME(S)

garden phlox, perennial phlox, summer phlox, sweet William
